Navajo Head Start now enrolling children from all income levels

WINDOW ROCK, Ariz. — Navajo Head Start is now enrolling children from all income levels due to the program meeting its low-income quota. Parents and guardians can visit any one of the four regional offices for enrollment applications.

Navajo Head Start (NHS) will need the child's birth certificate, verification of income for parents or guardians, and the child's immunization records.

Early Head Start provides services to children from birth to 36 months and Head Start provides services to children 36 months to 5-years-old. The program offers early childhood education, child development, parental involvement and many more services with emphasis on Navajo language and culture.

Regional offices are located in Shiprock, N.M., Fort Defiance, Ariz., Chinle, Ariz., and Tuba City, Ariz.

For more information, contact the Central Administration Office at 928-871-6902 or access the website at www.navajohs.org.

###

Navajo Head Start is the largest federally-funded grant program in the country. Head Start and Early Head Start services are provided within the geographical area of the Navajo Nation, an area approximately the size of West Virginia that spans more than 27,000-square-miles across the states of Arizona, New Mexico and Utah. The Central Administration offices are located in Window Rock, AZ, capital of the Navajo Nation.
