## PRESIDENT BEGAYE AND VICE PRESIDENT NEZ PROCLAIM 2017 AS “COLLAR, LICENSE, VACCINATE AND CONFINE YOUR PET” CAMPAIGN

President Russell Begaye signs a 2017 proclamation to challenge and encourage the People of the Navajo Nation to be responsible pet owners as Vice President Jonathan Nez and Director Bidtah Becker of the Division of Natural Resources witness the signing.

WINDOW ROCK – Navajo Nation President Russell Begaye and Vice President Jonathan Nez sign a 2017 proclamation to challenge and encourage the People of the Navajo Nation to be responsible pet owners.

“We want our people to be active and play outdoors, but many are discouraged with many free-roaming dogs on the Nation,” said President Begaye. “We encourage you to collar, license, vaccinate and confine your pet.”

Recently, there were reported multiple dog mauling that resulted in human, livestock and other animal’s death. There are a number

of calls on an annual basis that involve a vicious dog bite which can often lead to certain diseases such as rabies. In response, the Navajo Fish & Wildlife Department decided to run a vigorous campaign aimed to reduce the number of preventable animal attacks and diseases.

All animal owners are urged to actively participate in decreasing the unwanted dog and cat population within the Navajo Nation by spaying and neutering their animals.

Highlighting the need for collaring aggressive dogs, Vice President Nez referenced the recent spate of fatalities resulting from

dog attacks on the Navajo Nation.

“We need control over dogs that are vicious. This is for the public good, especially for young children and elders,” Vice President Nez said.

He commended the tribal animal control program for promoting responsible pet ownership.

Community members are encouraged to report all dog bite incidents to the Navajo Nation Fish & Wildlife, Animal Control Program at (928) 871-6451.

Community members are asked to report all livestock damage

incidents to the Navajo Nation Fish & Wildlife, Animal Control Program at (928) 871-6451 or to the Navajo Nation Department of Resource Enforcement at (928) 871-5200.

We urge the People to visit the Animal Shelters of the Navajo Nation each first and third Tuesday of the month to license and vaccinate their pets for the health, safety and welfare of the Navajo Nation.
