

NTUA Military Care Package Program

"UNTIL THEY ALL COME HOME"

Sign up your loved ones who are actively serving in the US Military for a care package.

With the 5th Annual Military Care Packaging Project, the NTUA Human Resources Division has pledged to send Military Care Packages to our family members and friends "Until They All Come Home." Fund raising is underway for care packages to be mailed by November 9th, just in time for the holiday season. Our goal is to show our appreciation to our military men and women for their dedicated service while also uplifting their spirits with letters and words of encouragement.

Is your loved one (check one): Stateside _____ Overseas _____ Country _____

Our organization will NOT share your address or personal information with anyone except our committee members.

Thank you for your participation!

Your information in case we need to contact you:

Your Name: _____ Relationship to Serviceman: _____

Email Address: _____ Phone No.: _____

Helpful Information:

What is APO / FPO?

This is a military designated address that allows mail to be delivered to overseas locations at domestic rates. The format for a military address according to US Postal Service FAQ page:

Instead of a city and state, these addresses use APO (Army Post Office) or FPO (Fleet Post Office), along with "AE" (mail going to Europe, the Middle East, Africa, and portions of Canada), "AP" (the Pacific) and "AA" (for the Americas and portions of Canada). Therefore, the bottom line of overseas military addresses is: APO or FPO; followed by AE, AP, or AA; and then the ZIP Code.
