Navajo Nation Energy Policy Public Meetings

The Energy Advisory Committee has worked to adopt principles to guide the use of energy and future development of the Navajo Nation's energy resources.

Assist your leadership to shape the future of energy on the Navajo Nation by joining us for one of the public meetings.

Facilitators will be presenting the draft Energy Policy. You will be provided an opportunity to share your input.

The draft policy will be available to download at www.navajo-nsn.gov beforehand and copies will be distributed at the locations listed below.
