### **NAVAJO NATION COUNCIL TO HOLD SPECIAL SESSION FRIDAY**

The Ethics and Rules Committee adopted a proposed agenda for a special session of the Navajo Nation Council to take place Friday, June 23, 2006.

Speaker Lawrence T. Morgan presented his recommendations for the agenda during today's Ethics and Rules Committee meeting. The special session was requested by Council delegates to address several issues.

The agenda includes an oral report by Mr. Duane Yazzie, Chapter President of Shiprock Chapter, and Mrs. Della John on the resurgence of border town racial violence and two items under New Business, including a supplemental appropriation for \$1.65 million to Navajo Chapters for the youth employment program and a re-appropriation of \$2.1 million from the Land Acquisition Trust Fund for emergency management and assistance. The funds, if approved, would be allocated at \$1 million for the Navajo Department of Emergency Management and \$1.1 million for the 110 Navajo Chapters by equal distribution.

The Navajo Nation Council is scheduled to convene tomorrow at 10 a.m. at the Navajo Nation Council Chamber in Window Rock, Arizona.
