The Ethics and Rules Committee approved the recommended agenda for the special session of the Navajo Nation Council to take place November 8, 2005, beginning at 10 a.m. at the historic Navajo Nation Council Chamber in Window Rock, Arizona.

Speaker Lawrence T. Morgan requested the special session to hear reports from the Budget and Finance Committee on the oversight administrative hearing regarding the Financial Management and Information System and from the Auditor General on the special review of the Navajo Nation Office of the Controller.

In addition to the two reports, the agenda includes two separate confirmations to the Commission on Navajo Government Development. The first is to confirm Genevieve K. Chato and the second is to confirm Bess Tsosie to the commission.
