NAVAJO OFFICE OF ENVIRONMENTAL HEALTH & PROTECTION PROGRAM**

**September 22, 2020**

**Public Health Emergency Order No. 2020-023**

**Re-issuing Stay at Home (Shelter in Place) Order and 57-hour Weekend Lockdown**

- I. Paragraphs I – IX from Public Health Emergency Order No. 2020-004 are incorporated herein, addressing the various Navajo Nation (Nation) authorities related to the current COVID-19 Public Health Emergency as well as escalating incidents and community spread of COVID-19 on the Nation.
- II. A Stay at Home (Shelter in Place) Order has been in effect for all residents of the Nation, requiring individuals to limit their movement within and outside of their immediate communities and to limit contact with individuals who are not in their immediate household. (Public Health Emergency Orders No. 2020-003 (March 20, 2020) and No. 2020-004 (March 29, 2020)). Under that Order, individuals can leave their place of residence only to perform “Essential Activities” which primarily include activities and tasks essential to health, safety, and welfare. That Order also advised that public gatherings in excess of five (5) people should be avoided. Under Public Health Emergency Order No. 2020-014 (“Safer at Home”), individuals were encouraged to exercise personal responsibility but were not ordered to stay home. That Order also permitted “Drive-in” Gatherings only during non-curfew hours. Public Health Emergency Order 2020-017 (July 5, 2020) reissued the Stay at Home order. The Stay at Home order then was downgraded to a Safer at Home order by Public Health Emergency Order No. 2020-021 (August 16, 2020).
- III. The Navajo Nation is experiencing a rise in positive COVID-19 cases, including over 40 confirmed positive cases in the Sage Memorial Hospital service area and close to a dozen positive cases in the satellite chapters in the Eastern Navajo Agency. These cluster cases are a direct result of family gatherings and off-Reservation travel. They also have the potential to lead to an outbreak and another surge in cases on the Navajo Nation. The cluster cases also have the potential to overwhelm the health care system on the Navajo Nation if not mitigated immediately. As a preventive measure, a Stay at Home (Shelter in Place) Order is warranted.
- IV. The intent and purpose of this Public Health Emergency Order No. 2020-023 is to re-issue the Stay at Home (Shelter in Place) requirements, effective immediately and continuing for a period of at least 7 days, and to implement a **full 57-Hour Weekend Lockdown from September 25, 2020 to September 28, 2020**, starting at 8:00 P.M. MDT on Friday and ending at 5:00 A.M. MDT on Monday. Additional weekend lockdowns may follow. These

measures are intended to further ensure an effective response to the COVID-19 pandemic by restricting movement of individuals on the Nation to limit contact to prevent the spread of the virus and to minimize the strain on medical response capabilities. All provisions of this Order are to be interpreted to effectuate this intent. Failure to comply with any provision of this Order constitutes an imminent threat and menace to public health.

- V. According to the Centers for Disease Control and Prevention, “COVID-19 cases and deaths have been reported in all 50 states, and the situation is constantly changing. Because travel increases your chances of getting infected and spreading COVID-19, **staying home is the best way to protect yourself and others from getting sick.**”
- VI. According to the Centers for Disease Control and Prevention, “Limiting face-to-face contact with others is the best way to reduce the spread of coronavirus disease 2019 (COVID-19)” and “**the more closely you interact with others and the longer that interaction, the higher the risk of COVID-19 spread.**”

**THEREFORE, NOTICE IS GIVEN** that pursuant the power and authority set forth in the NDOH enabling legislation (NNC Resolution No. CO-50-14) and in conjunction with the Navajo Nation Public Health State of Emergency Declaration (CEM Resolution No. 20-03-11):
