### FOR IMMEDIATE RELEASE

November 11, 2019

## Navajo Nation invests \$19 million in nitrile glove manufacturing facility

**PHOTO:** Navajo Nation President Jonathan Nez, Vice President Myron Lizer, Navajo Nation Division of Economic Development Director JT Willie, Rhino Health CEO Mark Lee, Council Delegate Wilson Stewart and Otto Tso, Miss Navajo Nation Shaandiin Parrish, and members of the Nez-Lizer Administration during the Resolution CO-31-19 Signing Ceremony on Nov. 11, 2019 at Fire Rock Navajo Casino.

**CHURCH ROCK, N.M.** – Navajo Nation President Jonathan Nez and Vice President Myron Lizer were joined by Rhino Health, LLC, CEO Mark Lee while they signed into law Resolution CO-31-19, which appropriates approximately \$19 million from the Síhasin Fund to the Navajo Nation Division of Economic Development Project Development Department for the Church Rock Industrial Park Project Phase Two, and adopts the Church Rock Industrial Park Project Fund Expenditure Plan.

During the 2019 Fall Council Session, Resolution CO-31-19 was approved by the 24th Navajo Nation Council with a vote of 19-0. Speaker Seth Damon sponsored the bill, and Council Delegates Jimmy Yellowhair and Rickie Nez co-sponsored.

The Church Rock Industrial Park Project is located within the community of Church Rock, N.M, approximately five-miles east of Gallup, N.M. Rhino Health, LLC, an international nitrile glove manufacturing company, is currently operating a phase one nitrile glove manufacturing plant to produce latex gloves. The phase one and two facilities will offer as many as 350 jobs new jobs on the Navajo Nation, and it will use 100 – percent Navajo labor to construct the facility.

“This project is a great example of what partnerships can do to bring economic opportunities to the Navajo Nation. The manufacturing plant will help those individuals needing jobs to provide for their families. This would not have been possible without past leadership and the collaboration of all the three branches of the Navajo Government,” said President Nez.

The appropriation will fund phase two of the construction, including infrastructure, of a manufacturing and warehouse facility, approximately 124,000-square feet, in the Church Rock Industrial Park. The manufacturing facility will become a supplier to government agencies, medical facilities, and food and retail industries.

The Navajo Nation Division of Economic Development, including Industrial Development Specialist Sharlene Begay-Platero, has been working with the Rhino Health LLC to develop the Church Rock Manufacturing facility to begin production.

Navajo Nation Division of Economic Development Executive Director JT Willie stated, “Historically, industrial development had been misunderstood and was not a priority for the Navajo Nation. Now, under the support of the Nez-Lizer Administration and 24th Navajo Nation Council, industrial development is one avenue to employ our Navajo people and diversify the Nation’s economy.”

The multi-phase project includes an investment of more than \$49 million from Rhino, LLC. It is also partially funded through the New Mexico Economic Development Department, which contributed \$3.5 million through the Local Economic Development Act funds.

“The Administration also extends their appreciation to Rhino CEO Mark Lee for working closely with the Nation. The great and successful partnership will bring much-needed jobs and revenue for our Nation for many years to come,” said Vice President Lizer.

Once completed, the phase two facility would be owned by the Navajo Nation and will receive a tribal building number.

“The Division of Economic Development has been working on this initiative for years, and it’s exciting to see the project moving forward. The project is already putting our Navajo people to

work in preparation for the production of nitrile gloves. This project will bring many jobs home and instill hope and growth for the Navajo Nation,” President Nez added.

Also, at the event was Council Delegate Wilson Stewart, Council Delegate Otto Tso, Navajo Nation Division of General Services Lomardo Aseret, Navajo Nation Division of Transportation Garrett Silversmith, Navajo Nation Veterans Administration Acting Executive Director James D. Zwierlein, and Division of Human Resources Executive Director Dr. Perphelia Fowler.

The nitrile glove manufacturing plant phase one is expected to open in December, and phase two is expected to be constructed by 2021.
