FOR IMMEDIATE RELEASE
August 4, 2021

34 new cases, 29,947 recoveries, and no recent deaths related to COVID-19, Navajo DOH reaffirms mask mandate and safer at home order

WINDOW ROCK, Ariz. – On Wednesday, the Navajo Department of Health, in coordination with the Navajo Epidemiology Center and the Navajo Area Indian Health Service, reported 34 new COVID-19 cases for the Navajo Nation and no recent deaths. The total number of deaths remains 1,377. The report indicates that 29,947 individuals have recovered from COVID-19. 292,840 COVID-19 tests have been administered. The overall total number of positive COVID-19 cases is now 31,486, including three delayed reported cases.

Navajo Nation COVID-19 positive cases by Service Unit:

- Chinle Service Unit: 5,719
- Crownpoint Service Unit: 3,018
- Ft. Defiance Service Unit: 3,728
• Gallup Service Unit: 4,998
• Kayenta Service Unit: 2,802
• Shiprock Service Unit: 5,356
• Tuba City Service Unit: 3,832
• Winslow Service Unit: 2,014

* 19 residences with COVID-19 positive cases are not specific enough to place them accurately in a Service Unit.

On Wednesday, the state of Arizona reported 2,286 new cases, Utah reported 1,050 cases and New Mexico reported 609 new cases. The Navajo Department of Health issued two public health emergency orders on Wednesday, reaffirming the Navajo Nation’s safer at home order and mask mandate for all individuals in public places, which also includes all schools and businesses. The daily curfew is also discontinued and “Yellow Status” remains in effect for all businesses. The public health orders are available online: https://www.ndoh.navajo-nsn.gov/COVID-19.

“If you feel that you have COVID-19 symptoms, our health experts strongly urge you to isolate yourself from others and get tested as soon as possible. The data and reports from across the country indicate that the majority of new infections and deaths related to COVID-19 involve people who are not vaccinated. You can still contract COVID-19 even after being fully vaccinated, but the vaccines are highly effective in pushing back on the symptoms and chances of death.

We’ve come a long way in this fight against COVID-19, so please do everything you can to protect yourselves and others in order to prevent another large surge of new cases. Please be safe and remain diligent,” said Navajo Nation President Jonathan Nez.

Health care facilities across the Navajo Nation continue to administer COVID-19 vaccines during drive-thru events or by appointment. If you would like to receive the vaccine, please contact your health care provider for more information for your Service Unit.

“Heart the last year, our frontline workers and our people have worked very hard to bring down the number of COVID-19 infections. Thanks to our health care workers we have a high vaccination rate, but we still need more of our people to get fully vaccinated. Please continue to wear masks, take precautions, and pray for our people,” said Vice President Myron Lizer.

For more information, including helpful prevention tips, and resources to help stop the spread of COVID-19, visit the Navajo Department of Health’s COVID-19 website: http://www.ndoh.navajo-nsn.gov/COVID-19. For COVID-19 related questions and information, call (928) 871-7014.

PUBLIC HEALTH ORDER
NAVAJO DEPARTMENT OF HEALTH
NAVAJO OFFICE OF ENVIRONMENTAL HEALTH & PROTECTION PROGRAM

August 4, 2021

Public Health Emergency Order No. 2021-015
Clarifying the Mandate to Wear Masks in Public, Including Schools and Businesses, Due to COVID-19

I. Paragraphs I – IX from Public Health Emergency Order No. 2020-004 are included in this Public Health Order, addressing the various Navajo Nation (Nation) authorities related to the current COVID-19 Public Health Emergency.

II. The intent and purpose of this Public Health Emergency Order No. 2021-015 is to prevent community spread of COVID-19 on the Nation.

III. The Navajo Nation remains vigilant as neighboring states are experiencing an increase of the Delta and other COVID variants. The Navajo Nation has documented cases of COVID-19 Alpha (B.1.1.7), Gamma (P.1/P.1.1), Epsilon (B.1.427/429), and Delta (B.1.617.2) within the Navajo Nation. According to the CDC, the Delta variant seem to spread more easily and quickly than the other variants and now the dominant variant in the US. As coronavirus vaccines continue to be made available on the Navajo Nation, all preventative precautions should continue to be adhered to after receiving the vaccine.

IV. According to the Centers for Disease Control and Prevention, “Universal indoor masking for all teachers, staff, students, and visitors to K-12 schools, regardless of vaccination status” and “fully vaccinated people might choose to wear a mask in public indoor settings regardless of level of transmission. Fully vaccinated people who become infected with the Delta variant can transmit it to others.”

V. According to the World Health Organization, “the general public can wear a mask in indoor or outdoor settings where physical distancing cannot be maintained” and “vaccinated people to continue to wear a mask, especially in crowded and poorly ventilated settings.”

THEREFORE, NOTICE IS GIVEN that, pursuant to the power and authority set forth in the NDOH enabling legislation (NNC Resolution No. CO-50-14), and in conjunction with the Navajo Nation Public Health State of Emergency Declaration (CEM Resolution No. 20-03-11):

A. All individuals on the Nation two (2) years of age and older shall wear masks while in public, as those terms are defined herein, including schools and businesses.
B. Definitions:

1. **Mask**: a covering designed to filter one’s breathing through both the nose and mouth. A mask must snugly cover the face around the nose and mouth to prevent the wearer from breathing unfiltered air. May be a commercially-made face mask, or a homemade cloth face covering such as those found on the Centers for Disease Control and Prevention (CDC) website: https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html

2. **Public**: any area outside your home where you could come within 6 feet of someone who is not from your household.

**NOTICE IS FURTHER GIVEN** that this Order shall not abrogate any disease-reporting requirements (consistent with HIPAA privacy standards).

**NOTICE IS FURTHER GIVEN** that it is greatly advised that the public take the following preventive precautions:

1. Avoid close contact with people who are sick.
2. Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing, or having been in a public place. If soap and water are not available, use a hand sanitizer that contains at least 60% alcohol.
3. To the extent possible, avoid touching high-touch surfaces in public places – elevator buttons, door handles, handrails, etc.
4. Wear a mask and avoid touching your face, nose, eyes, etc.
5. Clean and disinfect your home and vehicles to remove germs: practice routine cleaning of frequently touched surfaces (for example: tables, doorknobs, light switches, handles, desks, toilets, faucets, sinks, steering wheels, door handles, gearshifts, and cell phones).
6. Refrain from gathering with individuals outside your household who are not yet vaccinated.
7. Limit unnecessary travel.
8. Get influenza (flu) vaccination as soon as possible and when safe to do so, and in accordance with the above recommendations.
9. All persons highly encouraged to get any COVID-19 vaccination as soon as possible and when safe to do so, and in accordance with the above requirements.

**NOTICE IS FURTHER GIVEN** that this Order shall take effect Friday, August 6, 2021 at 5:00 A.M. MDT, and shall remain in effect until otherwise ended by a subsequent Public Health Emergency Order.

Public Health Emergency Order No. 2021-016
Public Health Emergency Order Reemphasizing “Safer at Home” Order and Gathering Limits, and Discontinuing Daily Curfew

I. Paragraphs I – IX from Public Health Emergency Order No. 2020-004 are included with this Public Health Order, addressing the various Navajo Nation (Nation) authorities related to the current COVID-19 Public Health Emergency.

II. The intent and purpose of this Public Health Emergency Order No. 2021-016 is to reemphasize the “Safer-at-Home” requirements, to discontinue daily curfews, and reemphasize gathering limits. The requirements of this Order may be extended or changed in a future order. These measures are intended to further ensure an effective response to the COVID-19 pandemic by restricting movement of individuals on the Nation to limit contact to prevent the spread of the virus and minimize the strain on medical response capabilities. All provisions of this Order are to be interpreted to effectuate this intent. Failure to comply with any provision of this Order constitutes an imminent threat and menace to public health.

III. Wearing a mask in public continues to be mandatory (Public Health Emergency Order No. 2021-015, August 4, 2021).

IV. The Navajo Nation remains vigilant as neighboring states are experiencing an increase of the Delta and other COVID variants. The Navajo Nation has documented cases of COVID-19 Alpha (B.1.1.7), Gamma (P.1/P.1.1), Epsilon (B.1.427/429), and Delta (B.1.617.2) within the Navajo Nation. According to the CDC, the Delta variant seem to spread more easily and quickly than the other variants and now the dominant variant in the US. As coronavirus vaccines continue to be made available on the Navajo Nation, all preventative precautions should continue to be adhered to after receiving the vaccine.

V. According to the Centers for Disease Control and Prevention, “Limiting face-to-face contact with others is the best way to reduce the spread of coronavirus disease 2019 (COVID-19)” and “the more closely you interact with others and the longer that interaction, the higher the risk of COVID-19 spread.”

THEREFORE, NOTICE IS GIVEN that, pursuant to the power and authority set forth in the NDOH enabling legislation (NNC Resolution No. CO-50-14), and in conjunction with the Navajo Nation Public Health State of Emergency Declaration (CEM Resolution No. 20-03-11):
A. The Navajo Nation’s Safer at Home Public Health Emergency Order is still in effect and has not been rescinded. Under this Safer at Home Order, individuals are required to exercise personal responsibility to remain safe, but are not ordered to stay home.

1. Individuals must continue to exercise caution when engaging in public activities and practice everyday preventive actions, which include: wearing a mask in public, practicing social (physical) distancing, disinfecting high-touch surfaces, avoiding unnecessary travel, avoiding unnecessary public gatherings, and washing hands for 20 seconds.

2. Individuals with COVID-19, or who have symptoms consistent with COVID-19, or who have been in close contact with someone who has COVID-19, are required to stay home and away from other people.

B. The daily curfew implemented by prior Public Health Emergency Orders is rescinded and no longer in effect; however, the Nation’s curfew for children pursuant to Title 17 of the Navajo Nation Code remains in full force and effect.

C. Gathering limits of 25 or fewer persons remain in effect for the following:

1. Social gatherings.

2. In-person training and meetings, consistent with Navajo Health Command Operations Center guidelines related to reopening in-person training and meetings.

3. Traditional ceremonies, consistent with Navajo Health Command Operations Center guidelines.

4. Outdoor recreational events, consistent with Navajo Health Command Operations Center’s guidelines. This includes walks, runs, bike rides, motorcycle events and similar events.

5. Churches and other houses of worship, consistent with Navajo Health Command Operations Center guidelines. Bible study group meetings of 25 or fewer people are permitted, consistent with the in-person training and meeting guidance.

D. “Drive-in” gatherings up to 100 vehicles are permitted if the organizers and participants adhere to the requirements herein. Such gatherings include parking lot gatherings for internet access, religious services, funeral services, graduations (consistent with Health Command Operation’s guideline), and similar events. Organizers must ensure the following are in place:

1. Outdoor “drive-in” gatherings only where people from the same vehicle remain in their vehicles.

2. Vehicles are parked at least six (6) feet from other vehicles, in all four directions.

3. Organizers and participants wear masks.

4. Gathering is conducted in a no-contact manner and maintaining social distancing standards.
E. **All Businesses** must continue to comply with the requirements of Public Health Emergency Order No. 2021-013 Continuing “Yellow Status” for Businesses (July 7, 2021) or subsequent Order. Businesses must continue to address safety measures through policy and procedures of the following:

1. Ensure physical distance between personnel, customers, and any member of the public at the place of business is maximized, and that keeping six-feet between persons is possible at all times. Temperature screening for customers is optional but highly encouraged.
2. Address requests of personnel who are members of a vulnerable population for special accommodations.
3. Provide that the entity or organization will carry sufficient and appropriate PPE based on industry best practices.
4. Provide that the entity or organization will carry sufficient disinfectant products.
5. Require hygiene practices such as cleaning frequently-touched surfaces and handwashing.
6. Provide for conducting regular employee COVID-19 screenings, such as temperature checks, checklist or diagnostic testing.
7. Provide for on-going safety training and education on COVID-19.
8. Provide standards for how to respond to suspected and confirmed cases of COVID-19 among employees. The policies and procedures shall further provide contact information for the nearest healthcare facility, and such information posted conspicuously at the place of business (e.g., informational poster). The place of business shall contact the healthcare facility immediately in the event of a suspected or confirmed case of COVID-19 to consult about next steps. Places of business shall report suspected or confirmed cases to the Navajo Health Command Operation Center by calling (928) 871-7014.

**NOTICE IS FURTHER GIVEN** that this Order shall not abrogate any disease-reporting requirements (consistent with HIPAA privacy standards).

**NOTICE IS FURTHER GIVEN** that it is greatly advised that the public take the following preventive precautions:

1. Avoid close contact with people who are sick.
2. Wash your hands often with soap and water for at least 20 seconds, especially after blowing your nose, coughing, or sneezing, or having been in a public place. If soap and water are not available, use a hand sanitizer that contains at least 60% alcohol.
3. To the extent possible, avoid touching high-touch surfaces in public places – elevator buttons, door handles, handrails, handshaking with people, etc. Use a tissue or your sleeve to cover your hands or finger if you must touch something.
4. Wear a mask and avoid touching your face, nose, eyes, etc.
5. Clean and disinfect your home to remove germs: practice routine cleaning of frequently touched surfaces (for example: tables, doorknobs, light switches, handles, desks, toilets, faucets, sinks, and cell phones).
6. Refrain from gathering with individuals outside your household who are not yet vaccinated.

7. Limit unnecessary travel.

8. Get an influenza (flu) vaccination as soon as possible and when safe to do so, and in accordance with the above requirements.

9. All persons are highly encouraged to get any COVID-19 vaccination as soon as possible and when safe to do so, and in accordance with the above requirements.

NOTICE IS FURTHER GIVEN that this Order shall take effect on Friday, August 6, 2021 at 5:00 A.M. MDT and shall remain in effect until otherwise rescinded or modified by a subsequent Order.

ADDITIONAL ADVISORIES AND ORDERS WILL FOLLOW AS CONDITIONS WARRANT. SO ORDERED THIS 4TH DAY OF AUGUST, 2021.
