“With more and more reports of the COVID-19 variant being reported in various regions, we must continue to take all precautions. The variant is reported to be much more contagious, making it easier for the virus to infect from person to person. I am hopeful that we are beginning to see a
downward trend, but that depends on the actions of all of us. We all have a part to play in bringing down the numbers of new COVID-19 cases. Stay strong and keep fighting. We are in this together,” said Navajo Nation President Jonathan Nez.

Public Health Emergency Order No. 2021-001 remains in effect through Jan. 25, 2021 with the following provisions:

- Extends the Stay-At-Home Lockdown which requires all residents to remain at home 24-hours, seven days a week, with the exceptions of essential workers that must report to work, emergency situations, to obtain essential food, medication, and supplies, tend to livestock, outdoor exercising within the immediate vicinity of your home, wood gathering and hauling with a permit.
- Re-implements full 57-hour weekend lockdowns, including Friday, Jan. 22 beginning at 8:00 p.m. until Monday, Jan. 25 at 5:00 a.m. MST.
- Essential businesses including gas stations, grocery stores, laundromats, restaurants and food establishments that provide drive-thru and curbside services, and hay vendors can operate from 7:00 a.m. (MST) to 7:00 p.m., Monday through Friday only.
- Refrain from gathering with individuals from outside your immediate household and requiring all residents to wear a mask in public, avoid public gatherings, maintain social (physical) distancing, remain in your vehicle for curb-side and drive-through services.

“The strength and resilience of our ancestors remains within all of us to this day. Please remain strong and keep praying for our people. Our health care workers are fighting for us, so let’s fight for them by taking all precautions to prevent the further spread of COVID-19 in our communities,” said Vice President Myron Lizer.

For more information, including helpful prevention tips, and resources to help stop the spread of COVID-19, visit the Navajo Department of Health’s COVID-19 website: http://www.ndoh.navajo-nsn.gov/COVID-19. For COVID-19 related questions and information, call (928) 871-7014.

All residents should take precautions to protect their health from the spread of COVID-19. Individuals with the following conditions are at higher risk of being affected from COVID-19.

People at Increased Risk for Severe Illness
- Older Adults
- Cancer
- Chronic kidney disease
- Chronic obstructive pulmonary disease
- Heart conditions
- Immunocompromised state
- Obesity and severe obesity
- Pregnancy
- Sickle cell disease
- Smoking
- Type 2 diabetes mellitus

Might be at Increased Risk for Severe Illness
- Asthma
- Cerebrovascular disease
- Cystic fibrosis
- Hypertension or high blood pressure
- Immunocompromised state
- Neurologic conditions, such as dementia
- Liver disease
- Overweight
- Pulmonary fibrosis
- Thalassemia
- Type 1 diabetes mellitus

All residents should practice health and safety measures:
- Wear a mask in the public.
- Avoid close contact with people who are sick.
- Wash your hands often with soap and water for at least 20 seconds. If soap and water are not available, use a hand sanitizer that contains at least 60% alcohol.
- Clean and disinfect frequently touched surfaces daily.
- Avoid touching your face, nose, and eyes with unwashed hands.
- Clean and disinfect your vehicle, home, workspace and other common areas on a regular basis.
- Social distance - keep 6 feet between yourself and others.
- Limit gatherings with individuals outside your immediate household.
